## SV25 – Soffit Vent Strip

### Product Description

Corovent Soffit vent strips provide continuous ventilation along the length of the soffit. The soffit vent strip is designed to be used with standard horizontal soffit boards. The SV25 are intended for use on new buildings or when new soffits are being installed.

- Provides continuous 25mm ventilation into the roof void
- Can accommodate soffit boards between 4 – 10mm thick
- Colours available: White/Black/Brown
- Neat fixing between soffit board and the vent
